March 1-2, 2012 CII Innovation Center, Shanghai

About the Workshop Leaders

Cheryl Perkins

Cheryl Perkins is president of Innovationedge. As a global thought leader in innovation, Perkins brings more than 25 years of expertise in leading companies to identify and transform insights, designs, technologies and capabilities into total solutions and new-to-the-world innovations.

INNOVATOR

Cheryl has eleven U.S. Patents with several more pending.

SEASONED EXECUTIVE

With over 20 years experience directing growth and innovation, Cheryl most recently served as the Senior Vice President and Chief Innovation Officer for Kimberly-Clark. She ran the company's innovation and enterprise growth organizations, including research and development, engineering, design, new business, global strategic alliances, environment, safety and regulatory affairs, and oversaw innovation processes, systems and tools.

AUTHOR

Co-author of the book Conquering Innovation Fatigue.

RECOGNITION

- Named a "Top 25 Champions of Innovation" by Business Week
- Recognized as a "top executive driving vision" within the consumer goods industry by Consumer Goods Technology
- Georgia Institute of Technology "Outstanding Young Engineering Alumni"

Organizer

Patrick Clusman

Pat is an accomplished professional with 30 years of experience directing and managing teams and leading successful large scale programs and projects. He has a broad background in information technology coupled with exceptional collaboration and facilitation skills. He is a champion for innovation processes and capabilities, organization-wide knowledge sharing and collaboration.

SEASONED EXECUTIVE

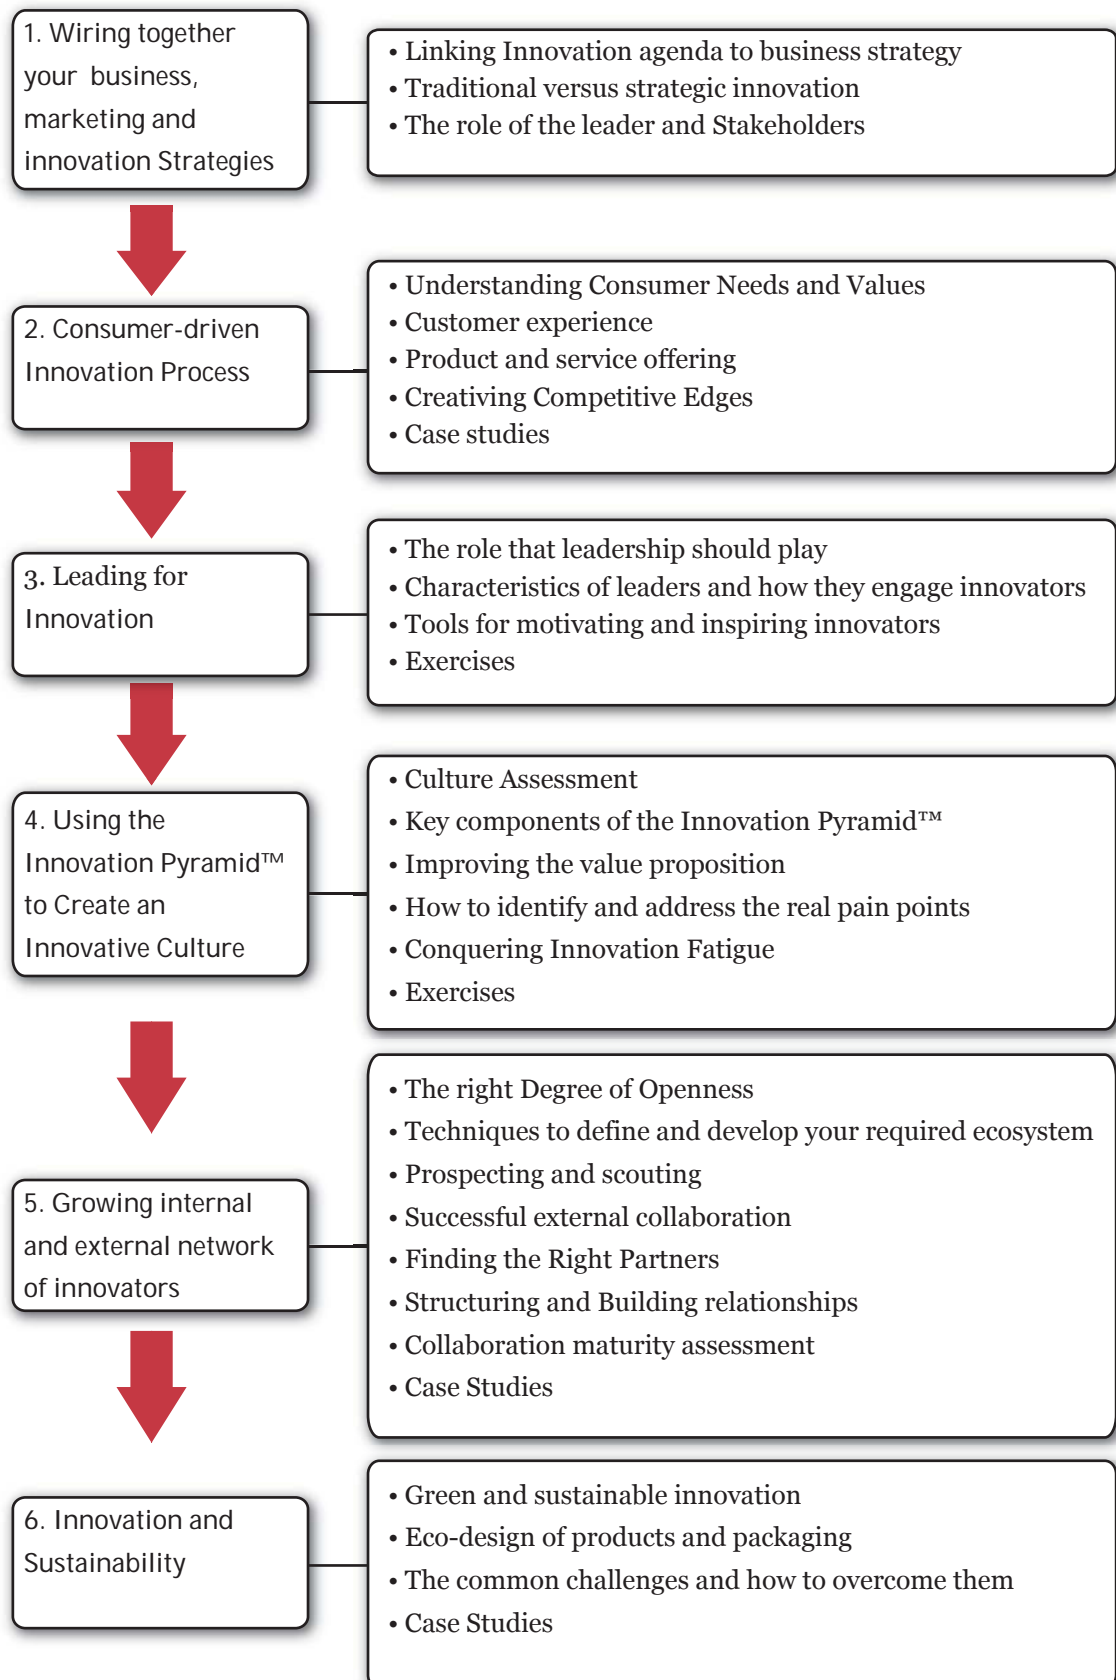

Prior to joining Innovationedge, Pat spent 26 years in various leadership and management roles at Kimberly-Clark and most recently was the Director, Enterprise Innovation. Pat directed, managed and led project teams that developed and deployed a standardized global personal computing infrastructure, an innovation management framework and portfolio management capabilities. Pat also defined, planned and directed several large-scale Innovation showcases and conference events.

Early in his career, Pat was a Management Information Services professional responsible for distributed processing systems at Mercury Marine, a division of Brunswick Corporation.
